

Power outage affects residents in Sapulpa, Bristow

10:34 AM, Nov 7, 2017

SAPULPA--More than 2500 customers have been affected by a power outage on Tuesday morning.

In Bristow, the outage began just after 8am and was restored by 9:50am.

OG&E officials say that 1500 customers were affected in that outage.

Officials say the cause was a squirrel in a substation.

In Sapulpa, the outage started at 8:30 a.m. and was estimated to be restored by 10 a.m.

More than one thousand customers were affected.

No cause has been determined in that outage.
